

I love Earth, because its big and round.
I love Earth, because it does not touch the ground.
I love Earth, because its spelled with an E.
I love Earth, because Earth loves me.

I love Earth because its filled with hearts.
I love Earth, because its filled with sparks.
I love Earth, because we go to school
I love Earth, because Earth rules.

I love Earth, because its spelled with an E.
So, I love Earth, because Earth loves me!
