

Claudia Gonzalez 1-grade

St. Thomas the Apostle Catholic School

What I like about the Earth

I like the animals and how they feel.

And I love the people.

And I like to plant flowers in gardens.

And I love the earth!

And the gifts that God gave me.

And I love my school and my teachers.

And I love the ocean when it is a sunny day I go.

And that's what I love about the Earth.

And I love the resources.

And love all of the people.

And love the United States of America.
